

LA / 06/901 - Twelfth AIM Multilateral Meeting of the SAM Region for the transition from AIS to AIM

SLC ASSOCIATES developed a presentation where we show our experience as a LEADING COMPANY IN THE SUPPLY OF AERONAUTICAL DATA, within the framework of the celebration of the *Twelfth Multilateral Meeting AIM of the SAM Region for the transition from AIS to the AIM - ICAO SAM* with the purpose to support the States in the development of the action plans to perform the analyses in the SLOs and eTOD areas, offering solutions to the States for the effective implementation of the eTOD area and aeronautical data quality .

A collage of images related to the presentation. At the top left is the ICAO logo with the text 'International Civil Aviation Organization / Organización de Aviación Civil Internacional'. Below it is the 'ICAO SAM' logo. The main title of the presentation is 'Duodécima Reunión Multilateral AIM de la Región SAM'. A slide titled 'Patrocinado por' features the SLC GEOMATIC SOLUTIONS logo. A text box on the right states: 'La empresa SLC GEOMATIC SOLUTIONS, especialista en el suministro de datos aeronáuticos, desarrolló una presentación mostrando sus proyectos exitosos en la generación de datos aeronáuticos, análisis de las superficies SLO y áreas eTOD en Europa, África, Medio Oriente e Islas del Caribe, compartiendo con la audiencia de la AIM sus experiencias en los aeropuertos de Dubai, el nuevo aeropuerto de Estambul, aeropuertos de Qatar, aeropuerto de Heathrow, entre varios otros.' Several photographs show a man in a suit presenting at a podium to an audience in a conference room. One photo shows a presentation slide with a map of Heathrow Airport and the text 'Aeropuerto Internacional de Heathrow'.
